Why Kiss My Keto?

Kiss My Keto is a brand dedicated to the ketogenic lifestyle.

That being said, we also want to share a bit on our company culture and beliefs. These values create the infrastructure of our business, and we hope you can share these same values with us as an Ambassador.

Kiss My Keto Values

Sharing

We believe that sharing knowledge and learning from each other empowers us all to make the right decisions. After all, keto is a lifestyle choice and we are in this together.

Accountability

We believe in absolute accountability for our ingredients.

That every single product that we put out is keto-friendly with the right ingredients and macros.

Positive

We believe that remaining positive and confident on your keto journey is the key ingredient to success. Listen to your body first, it knows best.

Challenging

We believe it's important to challenge societal norms on what's "healthy for you. We are not always pushing a keto agenda and it;s important to be open minded to new studies.

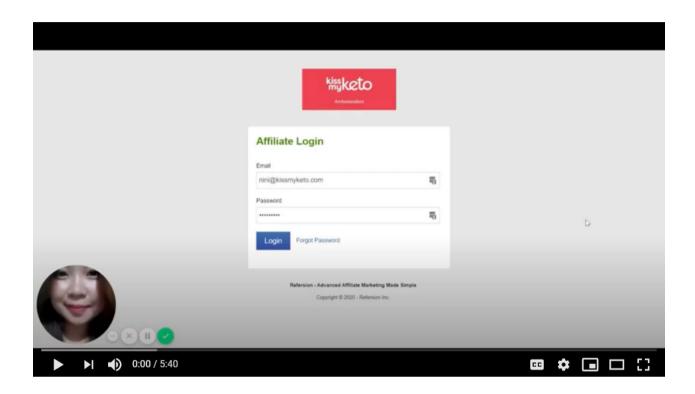

Accessibility

We believe that keto should not be difficult or intimidating. It should be accessible and attainable to everyone who wishes to adopt it.

- It does not work for bundles & subscriptions as these are already discounted.
- It does not work during sale events on the website.
- Any product that will be announced as exempted from discounts in the future.

On the other hand, any purchases made through your link can give you a commission, but not a discount to your followers/clients into On the other hand, any purchases made through your link can give you a commission (except on subscriptions), but not a discount to your followers/clients.

During sale events, because they will not be able to combine the promo code with automatic discounts, we encourage that you promote your affiliate link, so your referrals leading to purchases can be credited to you.

Top 3 Ways to (rush (ommissions

Original Content

Drive sales through content created by YOU! Post an original recipe, weight loss article or Kiss My Keto product review. Send it to your email list and post it on social media or your website.

Existing Content

Exert minimal effort while driving maximum sales. Our existing blog posts and images are for you to promote Kiss My Keto products to your fans, clients, friends, and family.

Use Video

Video content is the easiest way to connect with your audience and potential customers. Go live on Instagram or post a Keto tutorial on YouTube. Tell everyone why Kiss My Keto is the best.

INSTAtips

Inspire

The majority of successful sales are triggered by content that inspires and motivates the customer. Post photographs that show you at your best. By "best," I don't mean your best physical appearance -- I mean photos which you radiate authenticity and happiness!

Tell a Story

The best content marketing uses storytelling to elicit desire for a product. Create a narrative around the product you are promoting. Record yourself cooking, working out, doing Yoga, trying on clothes whatever you do while using Kiss My Keto products.

Instead of posting a photo of a product in a container on your counter, take the extra 10 minutes to record yourself stirring it into your coffee, scooping it out and into the blender, popping a few MCT capsules, or even just talking about it!

Speak Directly to Your Audience

Instead of focusing on only yourself in a post, focus on the people you are talking to.

Address them using second person. Using the word "YOU", tends to get a better response than posts that use "I" or "ME"

Show Results

Everyone loves to see honest reactions and results. You can never go wrong with a transformation post. If you're cooking something in a video, show the finished product or a reaction to the final dish. If you are at the gym, showcase your athletic performance.

Overuse Your Promo Code

The more people see/hear your promo code, the more likely they are to use it. Sign off videos by saying, "Don't forget, to save 10% with my code XXX at kissmyketo.com!" I've also seen some ambassadors place the promo code in their instagram bios with a link to the site.

Resources

Want to know more about a product?

Aside from purchase, the Kiss My Keto Product Pages are well-equipped with most of the information you'll need. You can find product information, benefits, ingredients, macros, when to use, how to use, reviews and FAQs.

Helpful resources?

Aside from offering keto-friendly products, we aim to make keto easy for everyone, so we've created ways to help you and your followers/ clients in your journey.

And lastly our very own Ketocademy. It's a free e-learning course to help anyone who wants to get started on keto.

Payment & Terms

We pay our Ambassadors on a bi-weekly basis: 15th and last day of the month (or if this lands on a weekend, the Friday before that).

Ambassadors can remain for an indefinite period of time; however, as the program entails rewards and commissions, we review accounts on a weekly basis and send out emails for those who had been inactive for 30 days or more, and close accounts once 60 days of inactivity is reached. We'd love to keep you forever, so please reach out back to us if you need support and we'll find ways to help you.

Lastly, where can we find you?

Do you have a blog? A vlog? Are you on Instagram or on Facebook?

We'd love to know where you'll be promoting us.
